GRAND ENTRANCE LOBBY

DISCERNING AND REFINED, AIPL SIGNATURE'S ENTRANCE DELIVERS
A CLASSIC CORPORATE ENTRY EXPERIENCE

1 SMART FACADE
An intelligent double skin glass facade that protects the building from the sun's heat and reduce air-conditioning cost keeping you comfortable as you work while enjoying plentiful natural light and green views.

3 MAXIMUM NATURAL LIGHT
By turning the footprint on its axis, the design here maximizes the flow of natural light inside, so every floor is refreshingly lit up, minimizing the use of artificial light.

2 DOUBLE GLAZED GLASS
To keep distractions away, high performance double glazing helps cut sound transmission and ensures that the workplace is quiet.

4 HIGH SPEED ELEVATORS
Efficient elevators by Fujitec Japan, strategically placed high speed elevators guarantee a high level of service.

5 UNIQUE FLOOR LAYOUT
Each floor has been immaculately designed to optimize comfort and set new benchmarks for flexibility, productivity and connectivity.

DESIGNED FOR PRODUCTIVITY

The moment you enter the premises, you are transported to a different world. A world where everything is not just highly efficient but also effortlessly beautiful.

Indicative Image

AIPL Signature's intelligent planning has created a clean and efficient layout, allowing tenants to occupy an entire floor or subdivide it into any combination they desire. This flexibility ensures that the space meets the unique needs of each tenant, making it the perfect location for your business to thrive.
